20 years of experience

Abbey Saurine
BA University of Dayton
4 year of experience

Department Highlights

- ✔ CJ Service Learning Projects have a different focus each year:
 - Rel. 9: Service through CJ Ministry and Service,
 - Rel. 10: Service to the CJ community,
 - Rel. 11: Service to the Dayton region, immersing young men and women in real life social issues, and
 - Rel. 12: Interdisciplinary Capstone Project focused on an issue of justice.
- ✔ Curriculum ties into our mission and the traditions of CJ sponsors:
 - The Marianists, and
 - Sisters of Notre Dame de Namur.
- ✔ Each year students are encouraged to grow as missionary disciples. This means each student will engage in and appreciate practices of prayer, service, community building, reflection, study of Sacred Scripture, and character development.
- ✔ Juniors also work on an integrated social justice research project in collaboration with their English classes.
- ✔ Many opportunities for growth in faith are offered through the ministry and service office. Students are invited to attend conferences such as the annual March for Life in Washington, DC and the National Catholic Youth Conference. They are also invited to attend retreat programs sponsored by the Society of Mary and Sisters of Notre Dame de Namur as well as Steubenville Youth Conferences.

Courses Freshman
Introduction to Catholic Christianity

Sophomore
Scripture

Junior
Morality and Social Justice

Senior
World Religions/Christian Lifestyles
